Good morning Mr. David,

Attached is a copy of the permit history for this address. There are currently no open code violations for our department. Should you have any questions, please feel free to reach out to me.

The record request investigation by Harford County Department of Inspections, Licenses and Permits (Department) regarding code compliance, permits, or inspection history for this property was limited to a review of the permitting records maintained by the Department and records contained in the Permit Management Software System utilized by Harford County Government. The Department has not conducted an on-site inspection or evaluation of the current condition of this property and, therefore, cannot confirm that the property is presently in compliance with applicable codes, rules or regulations either of this Department or any Agency that may have jurisdiction over the property.
