	LENGTH	X	WIDTH	X	(see below)	= Unobstructed area
•		X		,X	.75	= (METAL OPENING)
		Χ		Χ	.25	= (WOOD OPENING)

Please note that these openings can be located in any wall or door opening. The transfer grills do not need to be in line with each other but only located so that the air will freely move from one space to the other. It is important to consider furniture layouts when locating the grills so that these openings will not be blocked.
