Re: 910 Mitchell Avenue
Building Addition

Dear Peg:

Our office has reviewed the permit plans for the above-referenced project. The plan calls for the construction of a 240 square foot addition to the existing house. Normally, an addition under 500 square feet would not require stormwater management, but under the stormwater ordinance, the cumulative effect of development must be considered. The original house was constructed in 2009 so the new addition must include appropriate stormwater management in accordance with Township Stormwater Management Ordinance.

If you have any questions, please feel free to contact me.

Very truly yours,

Hello Blaise,

Thank you for the response.

I did review the documents and it says nowhere if these Permits or still OPEN/EXPIRED or CLOSED?

Can you please check and advise.
